

Heritage Week

This week, from March 21-25, Big Hollow Primary and Elementary School will be celebrating Heritage Week. In preparation for this celebration students have been learning about different cultures by participating in various activities in their music, art, PE, ELL, and computer classes. In PE, students are learning dances from other cultures, and in computers they are using technology to research different countries. Students have also made hieroglyphics and other cultural art projects. Many pieces of artwork can be seen on display throughout the school buildings. Each day of Heritage Week will begin with a fun fact question about another culture during the morning announcements. On Friday students and teachers are invited to wear ethnic or cultural dress to celebrate. This is the first year Big Hollow has celebrated Heritage Week and it is sure to be an exciting week.
