STS Testing

The first grade students will be participating in the STS assessments beginning the week of April 26, 2010. You will receive information about your child's performance at the end of the school year. The following tips can help your child test his or her best:

- Attend school on testing days.
- Get a good night's rest.
- Eat breakfast.
- Ask the teacher questions if he/she does not understand the directions.

Please let your child know you have confidence in him/her and give encouragement to "do your best"!

The Recycling Contest

The recycling competition was fierce! Many students worked with their class and sent in catalogs, magazines, and paper to add to their tower for recycling. Congratulations to Mrs. Lawson's first grade class who had a tower 20.66 feet tall and earned a pizza party, a "Green Room Award", and a Smencil for each student.

Second place honors go to Mrs. Connolly's first grade class who had a tower 19.91 feet tall. Please remember that even that the contest is over you can continue to add paper to the green and gold Paper Retriever bins located in the school parking lot to help us reach our 2 ton goal for the month of April to earn double rewards.
