Public Comment: At this time the Board members answered questions and listened to concerns of community members.

Dale Knudsen asked the Board if we are going to have sidewalks for our school.

President Gallichio replied that the district did qualify for the Safe Routes To School Grant. This grant would give us the money for sidewalks. At this time there aren't any funds available in the grant. Gallichio suggested that they have their subdivision contact the Village regarding sidewalks.

Amy Orr addressed the Board regarding busing concerns.

John Jared addressed the Board regarding the district going paperless. He asked if organizations would still be able to supply the school district with flyers to go home with the students.

It was suggested that the organizations could distribute flyers at registration, meet/greet, etc.
